Message from Pro Vice Chairman

I take this proud privilege to pen down my feelings at this juncture of the time, when DPS Patna (East) is unveiling the very first edition of its newsletter *Verve* before you.

DPS Patna (East), from its inception has been a place where students are encouraged and supported to excel. Academic excellence with character and well-developed personality is our ultimate goal.

One of the most significant character traits that needs to be instilled in our youth during their early childhood education is a finely ingrained attitude of 'service before self'. The multi-cultural and progressive learning environment enables every student to become a responsible global citizen. Education is not mere accumulation of facts; it is preparation for life itself.

Education is knowledge imbued with wisdom and ethics. Behind our success are the ideas and aspirations of all our stakeholders. We are sincerely thankful to all of them for extending their invaluable support in achieving our feat.

This inaugural edition of *Verve* brings before you the breathing action during what has been a highly challenging 2020. As happenings create history, we are committed to create new benchmarks of success. Every edition of 'Verve' will have endless tales of success to narrate. I extend my compliments and best wishes to the Principal and Editorial team for making this publication possible. I also wish them success for their forthcoming endeavours. Happy reading!

Dear Readers,

Educational institutions no longer remain limited to imparting bookish knowledge but rather serve as a ground for children to realize their own potential and discover their talents and strengths which further equip them to excel in their lives outside of school. In addition, schools today help in building a global society where diversity in all forms is not only respected but also celebrated.

We at DPS Patna (East) encompass the need to comprehend and redefine the essence of quality education, collaborate and create decision makers of tomorrow. We also believe that learning is a never-ending process for perfection is

only a myth. Therefore, the thirst for knowledge cannot be restricted to children. It is essential for educators and parents to consistently add to their own knowledge bank so that they remain up the curve and provide a more holistic learning environment for the students.

My message to the Principal, Staff, Students and esteemed Parents of DPS Patna (East) is to dedicate this year to a correct understanding of what education really means and let us all benefit from this understanding. In the end, I would like to share a famous quote by OG Madino "Take the attitude of a student, never be too big to ask questions, never know too much

to learn something new".

The entire team of DPS Patna (East) seeks your unrelenting, rock solid support and cooperation in the times to come.

~Dr. Manish Anand

Message from Founder Principal

Education is a lifelong learning process and our mission, therefore, is to provide a learning environment to our students as lifelong learners. Our distinctive academic programmes and innovative teaching methodolo-

"You are a falcon. Soaring high is your nature. There are skies yet for you to conquer."

gies encourage students to develop critical thinking and to develop key personal and social values, to take ownership for his/her choices and to set goals to realize their own unique potential. There is never any point in the life of a person when he can sit back and say, "There is nothing more to learn, I can relax with the comforting thought that the universe around me is an open book. I know it all." At DPS Patna (East), we aim to empower our students to grow as individuals with strong open discerning minds with a truly global perspective preparing them to face the challenges of life. We value igniting the spark of creativity and curiosity in our students and we strive to provide

an environment that is sacred, vibrant and has a framework of discipline that is flexible yet supportive, freedom that allows students to learn from their mistakes and to develop into proactive learners moulded by the correlatives of determination and responsibility. Let the centre of our learning be 'Aspiration' and 'Expectation' be at the circumference.

We are happy to have tamed the dreaded pandemic to a large extent and feel elated to present our very first edition of 'Verve' which showcases the little milestones that we were able to achieve in 2020 during unprecedented times. We sincerely hope that our first Newsletter would bring smiles to the faces of our beloved parents!

Message from Coordinator

March 2020 was indeed the dawn of a new era at DPS Patna (East). Pandemic hit us hard. Embracing the call of time, our Pro Vice Chairman, Managing Trustee and Principal left no stone unturned to climb every mountain, cross every stream and follow every rainbow to instill normal class environment for our first batch of students.

Our enthusiastic educators with the help of vigilant parents enabled us to tide over difficult times created by the pandemic and we are proud to have completed one year of operations already. Though the conventional classes didn't happen yet there was no dearth of development. Holding hands together, our meticulous

educators made our children confident and expressive. 2020 emerged as a period of innovative blended learning. We owe a lot to our dear parents who supported us to the best of their abilities. I believe that 'empathy' is the most important virtue to nurture the future global citizens. Our team believes in imparting quality education by constructively engaging the students in various activities bringing out the best in them. With God's grace, we will commence our physical classes soon and I am sure the children will certainly look forward to be in school rather than abstaining from it. Happy learning!

Message from Editor-in-Chief

Dear Readers,

On behalf of the wonderful Delhi Public School Patna (East) family, we feel blessed to present the very first edition of "Verve", our first Newsletter. It captures the momentous moments of our DIPSITES. We have tried our best to make sure this memoir helps you in recapitulating your eventful journey. It is a compilation of the immense effort put forward by the students and the educators and is also a specimen of their creativity. It tries to bind together most of the aspects of our "DPS Patna East family". It was a splendid year with our students bringing laurels to the school in all possible spheres. Isn't it rightly said, "A flower makes no garland?" Thus, the Newsletter is not the outcome of the effort put in by an individual, but by the entire family. I thank all contributors for their continuous effort in supporting and enhancing the creation. Together we shine!

Happy *Verve*!

CARPE DIEM

The Intra-school extra-curricular competition was organised by the pre-primary wing of Delhi Public School Patna East, with an aim to celebrate the uniqueness of each child and to give wings to their dreams and imagination, It gave a platform to our little ones to learn and interact with their peers, to have fun and to discover their hidden potential. Several events were organised under different categories such as Poem Recitation, Show and Tell, Dress up and Show up, Tell a Tale, Sureele Sitare, Move and Groove, I have got a special talent and Artistically Me in which children participated wholeheartedly.

Achiever's Gallery

The Principal of our school, Dr. Prashant Vasudev along with the Co-ordinator, Ms. Sangeeta Rajhans graced the events with their presence and motivated the students with words of inspiration. Students and educators alike enjoyed being a part of this illustrious ceremony. Participants and winners were awarded with certificates and medals.

COALESCENCE

Intra School Competition

We organized our first Intra-School Competition by the name 'Coalescence' wherein various talented students vigorously showcased their immense creativity.

From cute tiny-tots of nursery to ingenious champs of class 5, took part in the multiple scholastic and co-scholastic activities that were organized by our team of esteemed educators.

In the pre-primary wing (nursery and prep) the event was rightly coined as 'Carpe Diem'.

The main motive behind organizing the competition was to holistically develop the personalities of the students. Every activity was planned to polish skills like- public speaking, comprehending, writing, gesticulation, pronunciation, pitch, tone, wordplay, creativity, time management, etc.

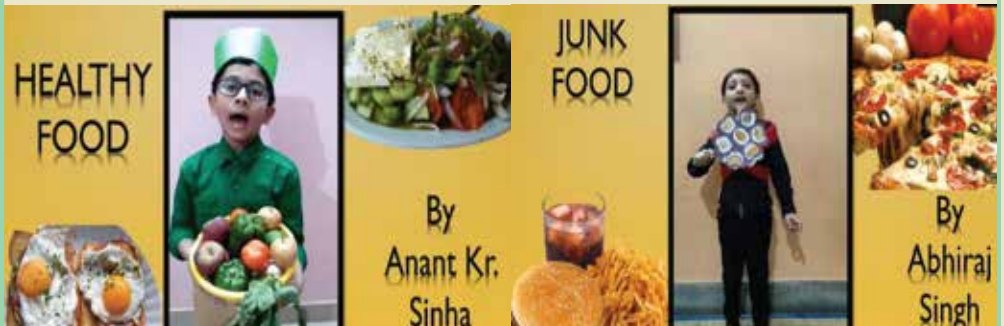

The best and most beautiful things in the world cannot be seen or even touched - they must be felt with the heart.

Helen Keller

It was a completely new thing learnt and practiced by the students to conduct assemblies virtually on various themes and special days. They presented themselves proficiently by making the correct use of technology.

The Pre -primary and primary wing of Delhi Public School, Patna East conducted online theme based special assemblies throughout the year, with active and wholehearted participation of the students, teachers and parents.

Highlights of the best class room practices during online classes

Educators are always challenged to motivate students to learn, working hard to identify learning standards as well as to find creative and meaningful ways of incorporating them into online classrooms.

In order to bring the full concepts to life with visual and practical learning experiences, even during the pandemic the educators of pre-primary wing conducted activities which help students to understand how their schooling applies in the real-world. Few best online classroom practices are highlighted here.

Prep Graduation Ceremony 2021!

*You're off to Great Places! Today is your day!
Your mountain is waiting, So... get on your way!*

The peppy preppers of DPS Patna East unleashed their talents in front of their teachers and parents on the occasion of 'Prep Graduation Ceremony 2021' which was held online on 20th March 2021.

It was indeed a grand and glorious day for these smart kids, all clad in their Graduation robes and caps that made this the most memorable day of their lives thus far! They were all beaming with joy and pride amidst their teachers and parents. The celebration began with a shloka and a prayer followed by graduation pledge led by the principal, song by teachers and a scintillating dance performance by

students. Later, few children and parents shared their kindergarten experience.

While teachers read the names of the graduates with a few of their qualities, the distribution of graduate diplomas to the "Kid Graduates" was presented by their parents. Our respected Principal, Dr. Prashant Vasudev delivered the convocation address and encouraged children to soar to higher and nobler heights and always make their Alma mater stand tall. The formal programme concluded with a vote of thanks proposed by the Coordinator, Ms. Sangeeta Rajhans.
